Old Cores Shipped Date: _____

Project Name: _____

Project Location: _____

New MX-3000+ Serial #'s:

_____	_____
_____	_____
_____	_____
_____	_____

To receive a \$2,000 per module credit applied to your invoice, your old system processor module(s) must be **shipped prepaid and received within forty-five (45) days to:**

Circuit Board Recycling
5201 Copeland Road
Williamston, SC 29697

JSI products are energy efficient and consume less than 1 watt. Compliance with the International Energy Agency's "One Watt Initiative".

This form **must** be included inside your shipment. This form may also be downloaded at http://www.johnsonsystems.com/recycling_credits.htm.

Once received, a credit will be issued and e-mailed to the e-mail address indicated above. **NO CORE = NO CREDIT!**

Please note our forty-five (45) day limit - no extensions without factory approval.
